

Head Relax Formula

The ultimate targeted solution for head tension**

Dietary Supplement

Head Relax Formula – The natural alternative

Stress, noise and foehn weather are sometimes strainful. In such situations it is important to keep a clear head. Head Relax Formula supports this naturally with ginkgo extract, the mineral magnesium, vitamin B₂ and coenzyme Q10. But what exactly makes this vital substance formula so valuable? Magnesium and vitamin B₂ support the normal function of the nervous system. Together with coenzyme Q10, the two power substances are essential in the energy production and thus ensure mental vitality and well-being. Magnesium helps to maintain healthy muscle function and supports cranial vessel comfort. The mineral is supported by vitamin D, which is increasingly recognized to play an important role in normal muscle function.**

The high-quality preparation is combined by the already mentioned ginkgo extract plus alpha lipoic acid. *Ginkgo biloba* extract promotes healthy blood flow to the brain, whereas alpha lipoic acid maintains healthy nerve function.**

With Head Relax Formula becomes clear: Micronutrients are also head thing.

Head Relax Formula

- Supports a clear head and mental vitality, especially in strainful environments**
- Magnesium, vitamin B₂ and coenzyme Q10 support the healthy function of the energy metabolism**
- Magnesium and vitamin B₂ support the normal function of the nervous system**
- Magnesium and vitamin D support the maintenance of normal muscle function**
- *Ginkgo biloba* supports the vascular system and enhances blood flow to the brain – together with vitamin B₂, it acts as a free radical scavenger**
